Report on
“Seminar Activity”
B.Sc. Computer Science (Optional)

Date: 06/12/2025

The Seminar Activity was conducted by the Department of Computer Science on **06 December 2025 at 12:00 PM**. The main objective of this seminar was to offer students an opportunity to enhance their understanding and exchange knowledge on specific subjects. The session was designed to bring students together to discuss, analyse, and explore various academic themes. Such activities provide valuable learning experiences that support both academic development and personal growth. Through participation, students gain important skills required for academic excellence and professional advancement, including research abilities, presentation techniques, communication skills, and improved self-confidence.

Outcomes:

1. Engaging in seminar activities strengthens students' skill and academic abilities.
2. Presenting before an audience enhances their communication skills and helps them become more confident.

Beneficiaries:

25 Students
