Guest Lecture on

“MasterPath: Guidance for Postgraduate Success”

Date: 10th January, 2025

The Department of Computer Science organized Lecture on “**MasterPath: Guidance for Postgraduate Success**” on **10th January, 2025** onwards for B.C.S. & B.Sc. Final year students. The Resource Person invited for the session was **Mrs. Kamat Ma'am, CSIBER College, Kolhapur**. The lecture started with the welcome address given by **Miss. Z. J. Shaikh (Assistant Professor & Head)** at Department of Computer Science introduced welcomed for the session.

The Session was taken over by Kamat Ma'am, who brought extensive knowledge and experience in guiding students toward higher education. The session covered critical aspects such as:

- The importance of a master's degree in today's competitive job market.
- Overview of various postgraduate programs available in computer science and allied fields.
- Steps to prepare for entrance exams, including tips on time management and resource selection.
- Discussion on emerging technologies and research areas that students should focus on.

The session also included an interactive Q&A segment where students raised their doubts about admission processes, scholarship opportunities, and career prospects post-master's education. The guest speaker provided detailed and practical answers, inspiring students to plan their academic journeys strategically.

The feedback from students was overwhelmingly positive, with many appreciating the clarity and relevance of the information shared. This lecture has motivated students to explore their interests in depth and set clear goals for their future studies.

The session was very interactive. **Miss. Salokhe P.P. (Assistant Professor)** gave a vote of thanks on behalf of the teachers.

Outcomes:

1. Students gained a clear understanding of the importance and benefits of pursuing a master's degree in computer science or related fields.
2. The inspiring session motivated students to explore their interests deeply and pursue higher education with a focused approach.
