Academic Year: 2026-27

**REPORT OF MOU BETWEEN DEPARTMENT OF BOTANY, RAJARSHI CHHATRAPATI
SHAHU COLLEGE, KOLHAPUR AND GARDENS CLUB, KOLHAPUR**

Date: 12/08/2026

The Department of Botany, Rajarshi Chhatrapati Shahu College, Kolhapur, and **Gardens Club, Kolhapur** entered into a Memorandum of Understanding (MoU) on **12th August 2026** at Kolhapur. The MoU aims to establish academic, practical, extension and environmental collaboration for promoting plant diversity, gardening, environmental conservation, sustainable landscaping, horticultural practices and biodiversity awareness among students and the community. The MoU represents a significant collaborative initiative of the Department of Botany to bridge **academic knowledge with practical horticultural and environmental activities**. Regular joint programmes, training and field-based activities will provide valuable learning opportunities for students while contributing to the development of a **green, biodiversity-rich and sustainable campus and society**. The collaboration is expected to strengthen students' experiential learning and practical skills in gardening, horticulture, nursery management and plant identification. It will also encourage biodiversity conservation, sustainable gardening practices, campus greening and community environmental awareness.

Outcomes:

- ☑ Experiential learning and practical skills
- ☑ sustainable gardening practices
