Action Taken Report-2020-21

(To deal with internal examination related grievances) Date: 23/09/2021

The students are the main stakeholders in our institution imparting education and it's our pleasure to make all efforts to ensure transparency related to internal examinations. Mechanism to deal with examination related grievances is transparent, time-bound and efficient in our Institution. Grievances regarding the internal assessments are handled immediately at department level by the respective subject teacher and the concerned HOD's. They have initial jurisdiction over Complaints against continuous internal assessment. Examination and academic development committee in our college here appeals against department level decisions. Examination and Academic Development Committee redresses the grievances of the students regarding assessment. In the previous academic year students who missed internal examinations and practical examinations applied for re-examinations.

Due to the COVID-19 pandemic situation online evaluation process was practiced for internal as well as university examination. A number of students are belonging from remote area who were faced a problem of Internet connectivity. Due to this fact total 15 students applied to take re-examination of their practicals. By taking the permission of the head of the Institution, the Examination and Academic Development Committee redressed these applications to the concerned HOD's and re-examination of these students was taken in order to avoid the academic loss of the students.
