ABSTRACT:

The institute aims to offer the best possible environment and learning experience to encourage students to perform to their full potential for academic achievement. Students, teachers, parents and alumni play an important role in the evaluation, development and the quality of every college . Feedback from students, teachers, parents and alumni helps the college to evaluate how its service policies and make changes as per stakeholders requirements. This paper aims to ascertain the adequacy of the hostels and other general facilities provided to the students and investigate the level of satisfaction of the students to the available facilities. Systematic preferred questionnaires were used in data collection from hostel students taken as the sample for the study. The collected information are analysed using several statistical tools and techniques. The study revealed that respondents were dissatisfied with the adequacy and functionality of some facilities such as purity of drinking water, lackness of mess facility, health center facilities and internet facility provided in college campus.

I. INTRODUCTION:

Education plays an important role in our life. For the economical and social development education is a must requirement, with the higher education sector becoming an increasingly competitive market, college student satisfaction has become an important component of quality assurance. The purpose of providing feedback to the students is to help teachers and students to identify their strengths and weaknesses. Feedback is an essential component in the learning and explains the gaps in knowledge and understanding, providing for reflection and development. Feedback at its best is pivotal in the learning and assessment process. (Orrell, 2006) In this article we study feedback on hostel facilities and general feedback of hostel students about college. We observe here are the students are satisfied with the hostel facilities and how they look at their college atmosphere. Because students satisfaction helps in attracting retaining high achievers who in turn increase reputation and

standing of the college. Maintaining and improving students satisfaction has been considered as an important goal of education and college with the assumption that student satisfaction is indicative of institutional effectiveness. Accessing student satisfaction provides a way that college can focus directly on issues of quality development in order to ensure that educational students are high. By considering all these things we decided to study in this article through feedback measure the satisfaction level of the students towards hostel and general facilities provided by R.C. Shahu College, Kolhapur. To achieve our aim, it is important to collect the response of the students from this college. We directly take the data from feedback form in the form of primary data and it analyzed through several statistical tools and techniques . In this study we focus on student feedback regarding on hostel and general facilities provided by the college.
